

Bredbo Area Weed Bio Control Information Day

Thursday the 4th of April 2013

At Scottsdale and Mt Oak

with Australia's only commercial weed biological control specialist

Barry Sampson

Barry started his business, WeedBioControl, after a 30 year career with the NSW Department of Primary Industries as a weeds biological control officer

Barry provides integrated weed management plans and supplies biological agents, including weevils, moths, mites, beetles and rusts, for problematic weeds, such as St John's wort, horehound, Paterson's curse, bridal creeper, thistle, dock, prickly pear, blackberry, heliotrope and thorn apple

From 9 am, there will be a morning session, followed by lunch, in the "Scottsdale" shearing shed

The Scottsdale property is 4.4 km north of the Bredbo Hotel

The afternoon session (and agent release) will be held on "Mt Oak" at 395 Billilingra Road, Billilingra

The Billilingra Road turns west off the Monaro Highway, 9 km south of the Bredbo Hotel

This is a free event, aside from a \$5 donation for lunch and refreshments and is sponsored by the Mt Oak Community Association

with assistance from Bush Heritage, Kosciusko 2 Coast and Friends of Grasslands

To book your place, call 0359 886 529 (A/H) or email moca.secretary@gmail.com
